## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Rocky Mountain Development Council, Inc.  
Helena, Montana

**Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of Rocky Mountain Development Council, Inc. (RMDC) (a nonprofit organization), which comprise the consolidated statements of financial position as of June 30, 2014, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of RMDC as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Supplemental Information*

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. The schedules of programs by grantor agencies, indirect cost reconciliation and transfers and consolidating schedules of financial position, statement of activities and consolidating eliminations on pages 55 to 75 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2014, on our consideration of RMDC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering RMDC's internal control over financial reporting and compliance.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
JUNE 30, 2014

**NOTE 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

Rocky Mountain Development Council, Inc. (RMDC) is a non-profit 501(c)(3) agency created and operated for the purpose of (in a broad definition) serving low income families and individuals of all ages primarily in Lewis and Clark, Broadwater and Jefferson Counties of the State of Montana, to achieve economic betterment and relief of poverty. RMDC is designated as a Community Action Agency as defined in 42 U.S. Code, Sections 2781 and 2837, and as such aids in the delivery of social services and stimulation of county development through its own activities or through collaboration with other appropriate agencies. RMDC is directed by a 15 member Board of Directors. Daily management is provided through an Executive Director who is hired by and responsible to the Board.

RMDC provides centralized administration and support for approximately 21 community service programs funded by various federal, state and local government agencies. The programs of RMDC are organized and operated on the basis of activity types. Program activity separation is used to aid management in demonstrating compliance with finance-related, legal and contractual provisions. The minimum number of programs is maintained consistent with legal and managerial requirements.

RMDC has established several entities to own and operate various housing facilities it has developed through its housing program. As required by U.S. generally accepted accounting principles, these financial statements include the consolidated activity of RMDC, Rocky Mountain Front Properties, Inc. (RMFP), RMDC Eagle Rock, Inc. (ERI), Eagle Manor II Residences, L.P. (EM II), Eagle Manor III Residences, L.P. (EM III), Penkay Eagles Manor, Inc., Eagles Manor Project No. 2, Inc., Big Boulder Residences L.P. (Big Boulder), and River Rock Residences, L.P. (River Rock). All material transactions between these organizations are eliminated from the consolidated financial statements.

Following is a description of these entities and the facilities they operate.

**RMFP**

RMFP is a wholly owned for-profit subsidiary of RMDC, created in June 2004 by RMDC to own and operate an eight-unit affordable family housing complex located in Augusta, Montana. RMDC also holds the majority of the Board of Directors positions.

**Eagles Manor Complex**

The Eagles Manor complex, located in Helena, Montana, was constructed to house low to moderate income senior citizens. The original facility (Penkay Eagles Manor) is comprised of 66 units and is owned and operated by Eagle Rock Residences Partnership (a related party as more fully described below). RMDC supported the renovation of this facility with funds obtained through its housing program. RMDC also redeveloped a portion of the pre-existing facility into 44 units located on the Eagles campus, now owned and operated by EMII.

housekeeping services. RMDC holds the majority of the Board of Directors positions and has provided financial support to RMDC Eagle Rock, Inc.

**Other Related Party Entities**

RMDC has also participated in the development of other low-income housing projects, but does not control these through direct ownership or control of their operations combined with an economic interest; therefore, they are not included in RMDC's consolidated financial statements. **Basis of Accounting**

The accompanying financial statements reflect practices common to non-profit organizations in accordance with accounting principles generally accepted in the United States of America (GAAP) as codified by the Financial Accounting Standards Board (FASB). The financial statements are prepared using the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities.

**Cash and Cash Equivalents**

Cash and cash equivalents consists of both operations and custodial accounts. RMDC maintains pooled petty cash and deposit accounts that are used by all programs during the normal course of operations. RMDC is also the custodian of cash for several groups/councils. See Note 2 for disclosure of RMDC's custodial cash accounts.. For purposes of the statement of cash flows, all checking accounts, savings accounts, overnight repurchase agreements, and restricted reserve accounts are considered cash equivalents. Deposits are carried at cost, which approximates market value.

RMDC and its consolidated entities maintain cash accounts in multiple financial institutions. Accounts at the financial institutions (for each entity with separate tax identification numbers) are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. RMDC's main operating account has unlimited coverage through a repurchase agreement, under which all deposits are fully collateralized. At June 30, 2014, there were no uninsured cash balances.

**NOTE 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Accounts Receivable**

Accounts receivable primarily represent amounts due from various agencies (holders of contracts not based on federal funding), tenants and other customers for services provided by RMDC and its entities. No allowance for uncollectible accounts is established as management considers all balances materially collectible. Receivables are typically billed monthly unless contract provisions require a different cycle. Additional collection steps are taken once an account is 30 days past due. An account is written off as a bad debt expense if it is six-months past due and deemed uncollectible or no payment terms are agreed upon.

**Related Party Receivable**

Related party receivable represents amounts due from organizations affiliated with RMDC.

**Grants Receivable**

Grants receivable consist of amounts due from federal, state, and local government agencies for goods or services provided by RMDC in accordance with the terms of grant agreements based on federal funding. No allowance for uncollectible accounts is established as management considers all balances materially collectible.

**Current Portion of Notes and Interest Receivable**

RMDC has made loans to provide funding for low-income and senior citizen housing projects and agreed to defer payments due for services rendered to other organizations. Information concerning these loans is provided in Note 4. The amount reported as current portion of notes and interest receivable represents the estimated loan principal and interest payments that RMDC will receive within one year of June 30, 2014.

**Prepaid Deposits and Expenses**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**Inventory**

Inventory is valued at the lower of cost (first-in, first-out) or market, and consists of administrative, food, weatherization, education, and kitchen supplies.

**High School House Project**

High School House Project is valued at the lower of cost or market, and consists of land for the 2015 and 2016 houses, as well as architect fees, consulting fees, and interest related to the construction of the 2015 High School House.

**Asset Held for Sale**

Long-lived assets that are not used in normal operations and to be sold within one year are classified

as an asset held for sale. Assets held for sale are reported at the lower of cost or the fair value less selling costs.

**Fixed Assets**

RMDC, RMFP and ERI capitalize property and equipment with an original cost greater than \$5,000. EM II, EM III, Big Boulder and River Rock capitalize property and equipment with an original cost greater than \$2,500. Donated fixed assets are recorded at their estimated fair value at the date of donation. The use and disposal of assets purchased with grant funds are restricted by the terms of the original grant and federal regulations. Depreciation expense reflected in the accompanying financial statements was computed using the straight-line method over an estimated useful life of 5 to 40 years.

**Cash Restricted for Security Deposits and Reserves**

RMDC's consolidated housing entities are required to maintain separate accounts for tenant security deposits, operating reserves, and capital replacement reserves. Operating and replacement reserve requirements are established by partnership agreements or funding source regulations and require approval before withdrawals are made. For purposes of the statement of cash flows, restricted reserve accounts are included in cash equivalents.

**Deferred Costs**

Deferred costs include financing charges and fees paid by EM II, EM III, Big Boulder and River Rock. They are reported net of accumulated amortization in the accompanying consolidated statement of financial position. Deferred costs related to financing activities are amortized on a straight-line basis over the term of the loan and period benefited.

**Compensated Absences**

RMDC and ERI permit nonunion employees to accumulate earned, unused annual and sick leave benefits. RMDC policy allows the accrual of up to 240 hours of unused annual leave effective October 1, 2014. At termination, nonunion employees are paid for any accumulated, unused annual leave and 25% of accumulated, unused sick leave multiplied by their current salary rate. RMDC union employees are granted personal leave and are permitted to accumulate earned, unused annual sick leave. At termination, union employees are paid only 25% of accumulated, unused sick leave multiplied by their current salary rate.

**In-Kind Contributions**

Services or goods donated to RMDC are recorded as revenue and then expensed or capitalized in an amount equal to the estimated fair market value of those services or goods received in accordance with U.S. GAAP.

**Indirect Costs and Other Supporting Services**

Indirect costs that benefit all RMDC programs are allocated to each program using an approved

indirect cost rate. The provisional approved rate for RMDC is 13.1% for fiscal year 2014.

RMDC maintains separate internal service funds, including kitchen, buildings, copier and network, for activities that benefit associated programs. The cost of these activities is allocated to the programs based on rates internally calculated on an annual basis in order to recover the costs of those activities. Allocation of actual costs may result in over- or under-recovery as the rates are set in advance, based on budgeted costs. Any over- or under-recovery is included in the calculation of the rates for the next fiscal year. The over-recovery for the fiscal year ended June 30, 2014 was \$10,012.

**Accounting Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Material estimates that are particularly susceptible to significant change relate to RMDC's guaranty agreements and responsibilities as the organization responsible for managing a number of low-income housing properties in RMDC's service area. The above noted obligations and commitments are more fully described in Note 16. Management has calculated its estimated liability as required by U.S. GAAP and has determined it to be immaterial at June 30, 2014.

**Promises to Give**

Unconditional promises to give are recognized as revenues in the period received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Grant awards for which advance payments are received are classified as refundable advances until expended for the purposes of the grant.

Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires or is met through expenditure or lapse of time, temporarily restricted net assets are reclassified to unrestricted net assets. Contributions restricted for the purchase of depreciable assets are released from restriction when the asset is acquired. Permanently restricted contributions are held for the specified purpose in perpetuity. No permanently restricted net assets existed at June 30, 2014.

Contributions are classified as unrestricted support if the donor restrictions are satisfied in the same year the contributions are received.

**Net Assets and Noncontrolling Interest in Partnership Equity**

The interest in partnership equity held by the limited partners of EMII, EMIII and River Rock, including capital contributions required by the respective partnership agreements, is presented as noncontrolling interest, a component of consolidated unrestricted net assets.

**NOTE 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The Big Boulder partnership agreement also requires monetary contributions from the general and limited partner. The contributions received by partners are reported as part of consolidated unrestricted net assets as this entity is directly controlled by RMDC.

**Recruitment, Advertising and Promotional Costs**

Recruitment, advertising and promotional costs are expensed as incurred. For the year ended June 30, 2014 recruitment, advertising and promotional costs total approximately \$8,115.

**Tax Status**

RMDC is a non-profit organization exempt from federal and state income taxes under Internal Revenue Code Section 501(c)(3). Affiliated 501(c)(3) non-profits included in these consolidated statements are RMDC Eagle Rock, Inc., Penkay Eagles Manor, Inc., and Eagle Manor Project No. 2, Inc. With few exceptions, federal information returns for tax years prior to 2011 and state returns prior to 2009 are no longer subject to review by taxing authorities.

Rocky Mountain Front Properties, Inc. is subject to federal and state income tax as a C-Corporation. EM II, EM III, Big Boulder and River Rock are each organized as limited partnerships, with tax years ending each December 31. Tax years prior to 2011 and 2009 remain subject to review by federal and state taxing authorities for these entities, respectively.

**Fair Value Measurements**

U.S. GAAP provides a framework for measuring fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

**Subsequent Events**

Management has evaluated subsequent events through December 18, 2014, the date which the financial statements were available for issue. There were no events subsequent to this date that require disclosure in the financial statements.

RMDC used the Federal Reserve prime rate on July 25, 2012 of 3.25% plus additional 2% spread to determine nominal annual interest rate for the net present value calculation.

As described in Note 4, RMDC has advanced grant funds, developer fees earned on housing projects and additional operational support to EM II, EM III, Eagle Rock Inc., River Rock Residences and Big Boulder to support low-income housing development. Payment of these loans and accrued interest is generally subject to available cash as defined in the various partnership agreements. These balances have been eliminated in consolidation.

**NOTE 10. LEASES**

**Operating Leases**

RMDC has entered into a number of facility lease agreements. These leases provide space for Head Start classrooms, senior centers, RMDC administrative offices and other programs. These leases do not have elements of ownership and are therefore considered operating leases. Rental expense under these operating leases has been included in occupancy expense in the consolidated statement of functional expenses and totaled \$61,083 for the fiscal year ended June 30, 2014.

Some of the operating leases are noncancelable with various expiration dates through 2018. RMDC has the right to terminate these lease agreements due to the lack of funding or in response to a default by the lessor. Future minimum rental payments for leases with initial or remaining noncancelable lease terms in excess of one year are as follows:

2015	\$ 29,220
2016	29,220
2017	18,000
2018	15,000

**NOTE 12. NONCONTROLLING INTEREST IN PARTNERSHIP EQUITY**

As described in Note 1, the interest in partnership equity held by the limited partners of EMII, EMIII and River Rock is presented as a noncontrolling interest which is a component of consolidated unrestricted net assets:

	Controlling	Noncontrolling	Total
EMII	\$ (74)	\$ 4,378,604	\$ 4,378,530
EMIII	1	3,792,549	3,792,550
Big Boulder	6,390,508	-	6,390,508
River Rock	(2,851)	3,670,289	3,667,438
	<u>\$ 6,387,584</u>	<u>\$ 11,841,442</u>	<u>\$ 18,229,026</u>

The noncontrolling interest in EM II, EM III and River Rock is 99.99%, and profits and losses are allocated accordingly. The limited partner in Big Boulder also holds a 99.99% share of total partners' capital, but is controlled by RMDC, thus is included in the balance reported for controlling interests. Though the noncontrolling interest in each entity is significant, the structure, role and responsibility of the general partner is such that these entities have been consolidated into the financial statements of RMDC.

**NOTE 13. DISCONTINUED OPERATIONS**

**NOTE 15. EMPLOYEE BENEFITS**

**Retirement Benefits**

RMDC has a defined contribution profit sharing retirement plan based on a calendar year managed by a third party administrator. The plan year was changed from calendar year to fiscal year beginning July 1, 2014. RMDC had a short plan year from January 1, 2014 to June 30, 2014. An employee must be at least 21 (changed from 20 beginning January 1, 2014) years of age and complete 12 (changed from six months beginning January 1, 2014) months of service to be eligible to participate in the plan. Head Start employees subject to a collective bargaining agreement participate in the RMDC plan as specified by the agreement.

The employer's contribution to the plan is discretionary. Preliminary and effective contribution rates are approved by the Board of Directors. The effective contribution rates on employees' compensation were calculated for the calendar year 2013 and the short plan year based on the actual amount contributed to the plan by RMDC and total eligible employees compensation for the applicable calendar year or the short plan year. Total RMDC contribution to the plan during the calendar year 2013 and the short plan year were allocated to the individual participants' accounts based on their eligible compensation during the applicable calendar year 2013 or the short plan year multiplied by the effective contribution rate. The preliminary contribution rate on employees' compensation for fiscal year 2014 was set at 3.0%. The effective contribution rates on eligible employees' compensation for the calendar year ended December 31, 2013 and the short plan year ended June 30, 2014 were 4.2% and 3.17%, respectively. The preliminary approved contribution rate for fiscal year 2015 remains at 3.0%. Retirement plan expense was \$91,213 for fiscal year 2014.

The Retirement Plan also includes a 401(k) option. To participate in salary deferrals, employees must meet age eligibility standards as described above. The additional eligibility condition of six months of service was eliminated beginning January 1, 2014. The deferred contributions are not available to participants until they terminate, retire, upon death, or for an eligible emergency. Participants who reach normal retirement age are eligible for in-service distributions.

All assets and income of the plan are held in a custodial account for the exclusive benefit of the plan's participants and beneficiaries.

**Cafeteria Plan**

RMDC has a cafeteria plan in which employees may elect to participate. Participating employees elect to have monies withheld pre-tax from their paychecks and contributed to the plan for use in paying health care, day care and insurance premium expenses, in accordance with federal regulations. If the final plan balance has a deficit, RMDC must make an additional contribution to the plan to cover the deficit. If the final plan balance is a surplus, RMDC receives a cash distribution from the plan. The expense or revenue is recorded in the following fiscal year of the plan to reflect the difference between employee's contributions to the plan and eligible claims paid by the plan. RMDC recorded revenue in the amount of \$3,213 in fiscal year 2014 for the plan ended June 30, 2013.

**NOTE 16. COMMITMENTS AND CONTINGENCIES**

RMDC is a certified Community Housing Development Organization (CHDO). As a CHDO, RMDC has loaned HOME grant funds to other organizations to support the development of low-income housing. Repayment received by RMDC on these loans represents CHDO Proceeds. These CHDO proceeds must be used for HOME eligible activities that support housing for low-income persons. RMDC held \$21,798 CHDO proceeds as of June 30, 2014.

**Housing Commitments**

RMDC has developed several housing projects, and entities to operate the facilities, utilizing federal grants and tax credits that subject the entities and RMDC to ongoing obligations regarding compliance with funding source regulations. These are described below for each individual project. Management has evaluated these commitments and concluded no events have occurred that would require RMDC or the entities to record a liability or that would otherwise materially affect the accompanying financial statements.

**Roadrunner Low-Income Housing Project**

- the funding on the mortgage loan has been terminated or foreclosure proceedings have been undertaken by the lender; or,
- at any time the general partner is personally liable under, or with respect to, the mortgage loan or any other loan secured by partnership assets; or,
- any representation or warranty made by the general partner in the partnership agreement proves to be false in any material respect; or,

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
JUNE 30, 2014

**NOTE 16. COMMITMENTS AND CONTINGENCIES (CONTINUED)**

The partnership agreement contains the following obligations:

The general partner is obligated to repurchase the interest of the limited partners for a purchase price equal to the sum of the total capital contributions made by the limited partners, plus the legal, accounting and internal costs incurred by the limited partner in connection with its investment in the partnership (subject to a \$75,000 cap), plus any interest or penalties assessed by the IRS as a result of any recapture of tax credits, plus all transfer taxes or similar assessments incurred by the limited partners in connection with the sale. In the event a repurchase occurs, the limited partners must transfer their partnership interest to the general partner. As of June 30, 2014 the partnership interest of the limited partner was \$1,372,747. At June 30, 2014 the book value of the partnership's capital assets totaled approximately \$3.9 million.

These assets serve as collateral in the event the limited partners exercise the repurchase option. The limited partners may exercise this option if:

- the partnership's basis in the complex for federal income tax purposes is less than 10% of the partnership's reasonably expected basis as required by IRS code or the tax credit requirements are not otherwise satisfied; or,
- the partnership fails to meet the Minimum Set-Aside Test and the Rent Restriction Test by the close of the first year of the credit period or at any time thereafter.

The guaranty also applies to Penkay's mortgage and replacement reserve requirements. The mortgage balance was \$300,897 at June 30, 2014. Beginning January 2007, the general partner, or RMDC as the guarantor, was required to ensure that \$250 per unit is contributed annually to the replacement reserve, resulting in an initial contribution of \$16,500. This required contribution increases 3% each succeeding year. If the partnership's available cash is not sufficient to fund this contribution, the general partner or the guarantor are required to make an operating deficit loan to cover the deficiency.

The general partner, or RMDC as guarantor, is responsible for compensating the limited partner an amount equal to .901 times the amount the allowed tax credits fall short of \$391,264. This requirement applies each year during the tax credit period, which runs from 2006 through 2015.

Under this provision, the maximum annual liability of the general partner or RMDC is \$352,529, plus any related interest or penalties imposed by the IRS. The general partner's and RMDC's aggregate liability is limited to \$650,000.

As of June 30, 2014, the Operating Deficit Reserve Account balance was \$110,011. The funds in this account can be used with the general and limited partners' approval to cover operating expenses,

debt service obligations or other partnership expenses when cash is insufficient.

The partnership agreement calls for continuation of the partnership until November 25, 2053, except that the partnership may be dissolved prior to such date upon a sale or other disposition of the partnership's assets, or a consensual termination.

**EM III**

On August 15, 2007, EM III amended its partnership agreement. The amendments redefine the responsibilities of the partnership's general and limited partners. This was in response to the replacement of RMDC as the limited partner by Homestead Equity Fund VI, LP and Homestead SLP, LLC on June 30, 2007. The amended agreement places the following significant obligations upon Penkay Eagles Manor, Inc., the general partner:

- The partnership agreement calls for continuation of the partnership until July 6, 2011, and thereafter as renewed under Montana law, except that the partnership may be dissolved prior to such date upon a sale or other disposition of the partnership's assets, or a consensual termination. Under certain circumstances, the general partner is obligated to repurchase the interest of the limited partners for a purchase price equal to the sum of the total capital contributions made by the limited partners, plus interest at the rate of 7% per annum from the date of such capital contribution. In the event a repurchase occurs, the limited partners must transfer their partnership interest to the general partner. As of June 30, 2014 the partnership interest of the limited partner was \$3,792,549. At June 30, 2014, the book value of the partnership's capital assets totaled approximately \$5 million. These assets serve as collateral in the event the limited partners exercise the repurchase option. The limited partners may exercise this option if the partnership fails to meet the Minimum Set-Aside Test.

If an operating deficit exists, then the general partner must lend funds to the partnership in an amount equal to the deficit. The obligation is limited to the maximum advance amount of \$600,000.

**EM II**

On January 6, 2009, EM II amended its partnership agreement. The amendments redefine the responsibilities of the partnership's general and limited partners. This was in response to the replacement of RMDC as the limited partner by Mountain Plains Equity Group Special Fund II, LP and Mountain Plains Equity Group Acceptance Corporation, SLP. The amended agreement places the following significant obligations upon RMDC Eagles Manor II, LLC, the general partner:

The partnership agreement calls for continuation of the partnership until December 31, 2058, except that the partnership may be dissolved prior to such date upon a sale or other disposition of the partnership's assets, or a consensual termination. Under certain circumstances, the general partner and RMDC, as a guarantor, are obligated to repurchase the interest of the limited partners for a purchase price equal to the sum of the total capital contributions made by the limited partners, plus

the legal, accounting and internal costs incurred by the limited partners in connection with their investment in the partnership (subject to a \$75,000 cap).

- In the event a repurchase occurs, the limited partners must transfer their partnership interest to the general partner. As of June 30, 2014, the partnership interest of the limited partner was \$4,378,604. As of June 30, 2014, the book value of the partnership's capital assets totaled approximately \$5.5 million. These assets serve as collateral in the event the limited partners exercise the repurchase option. The limited partners may exercise this option if the complex is not constructed in accordance with the construction plans or the Fair Housing Act of 1988 as amended. If at any time after construction is complete an operating deficit exists, the general partner must lend funds to the partnership in an amount equal to the deficit. The loan shall bear interest at a rate of 4% per annum and shall be repayable from cash flow.

**River Rock**

On October 31, 2012, RMDC executed a guaranty agreement for River Rock. The agreement Provides that RMDC unconditionally guarantees punctual performance of all obligations of River Rock's general partner, RMDC River Rock LLC, arising under the First Amended and Restated Agreement of Limited Partnership and the Development Services Agreement. The guarantee applies to River Rock and it's limited partner, American Express - Utah Equity Fund.

If an operating deficit exists, then the general partner must lend funds to the partnership in an amount equal to the deficit. The obligation is limited to the maximum advance amount of \$78,000.

**RMDC and Affiliates:**

RMDC and its consolidated related parties are involved in various legal actions and claims in the ordinary course of business. It is the opinion of management (based on legal counsel) that such litigation and claims will be resolved without material effect on RMDC or its consolidated related parties' financial position.

**NOTE 17. CONDITIONAL PROMISES TO GIVE**

Conditional promises to give arise from grant/contract activities that are underway at fiscal year-end, but which are not complete. The following schedule reflects the value of conditional promises to give received by RMDC that are outstanding at June 30, 2014:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
Rocky Mountain Development Council, Inc.  
Helena, Montana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Rocky Mountain Development Council, Inc. (RMDC), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 18, 2014.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered RMDC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of RMDC's internal control. Accordingly, we do not express an opinion on the effectiveness of RMDC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether RMDC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY  
OMB CIRCULAR A-133

To the Board of Directors  
Rocky Mountain Development Council, Inc.  
Helena, Montana

**Report on Compliance for Each Major Federal Program**

We have audited Rocky Mountain Development Council's (RMDC) s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of RMDC's major federal programs for the year ended June 30, 2014. RMDC's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of RMDC's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about RMDC's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of RMDC's compliance.

***Opinion on Each Major Federal Program***

In our opinion, RMDC's complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

***Other Matter***

The results of our auditing procedures disclosed one instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2014-02. Our opinion on each major federal program is not modified with respect to these matters.

RMDC's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. RMDC's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

***Opinion on Each Major Federal Program***

In our opinion, RMDC's complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

**Report on Internal Control over Compliance**

Management of RMDC is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered RMDC's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of RMDC's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a n deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item #2014-01, that we consider to be a significant deficiency.

RMDC's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. RMDC's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Head Start Cluster, CFDA No. 93.600  
Compliance Requirement: Reporting

*Condition:* We noted that federal reports were not reviewed before they were submitted to the grantor agencies.

*Criteria:* Controls should be in place to allow for consistent and timely review of federal reports.

*Effect:* Actual revenue and expenses reported on the federal reports could be materially incorrect.

*Perspective:* During the fiscal year ended June 30, 2014, we noted eight instances of federal reports being submitted without timely review in these three programs. This lapse in controls is considered to be a significant deficiency in internal control over compliance. Reports were reviewed at a later date by a member of the fiscal staff. Of the reports we reviewed, we noted only one error in the reports submitted. This report was revised and resubmitted during the audit.

*Cause:* The work load RMDC exceeded staff capacity during the fiscal year.

*Questioned Costs:* None reported.

*Recommendation:* We recommend RMDC review all federal reports prior to being submitted.

*Management*

*Response:* Contact: Julie Serstad, Executive Director

**#2014-2** Senior Companion, CFDA No. 94.016 and Foster Grandparents, CFDA No. 94.011  
Compliance Requirement: Eligibility

*Condition:* We noted instances of noncompliance with certain aspects of the eligibility standard regarding the National Service Criminal History Check and self-certification requirement.

*Criteria:* RMDC should comply with all eligibility standards.

*Effect:* Failure to adhere to these requirements could potentially endanger the individuals served by program participants and result in questioned costs.

*Perspective:* The error was observed in all three individuals tested to whom the requirement applied. The eligibility standard regarding the criminal background check process varies according to the date on which the Senior Companion or Foster Grandparent entered the program. For those individuals who entered the program prior to November 23, 2007 and continuing to serve after January 1, 2013, there must be both a background check completed and a self-certification that the program participant has not been convicted of murder. There were no self-certifications on file for the three applicants tested to whom the requirement applied.

It was noted by the grantor that widespread confusion existed nationally regarding the requirements for criminal background checks. As a result, the grantor established a self-assessment program to be completed by all programs by December 5, 2014. Programs which completed the assessment and required measures to comply with the standards were not subject to disallowed costs.

*Cause:* See above regarding confusion over application of the criminal background investigation standards. The missing physical examination report is considered an isolated incident.

*Questioned Costs:* None reported.

*Recommendation:* We recommend RMDC review its existing procedures regarding eligibility standards to ensure full compliance.

*Management*

*Response:* Contact: Julie Serstad, Executive Director

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
Year Ended June 30, 2014

**#2013-01** Low Income Home Energy Assistance Program, CFDA No. 93.568  
Compliance Requirement: Reporting

Last year we reported there was no system in place for the program manager to monitor program expenses compared to approved grantor budgets consistently during the fiscal year. We recommended RMDC implement controls to allow for consistent and timely monitoring of program expenses. During our current audit, we noted this recommendation had been implemented.

Year Ended June 30, 2014

To: Anderson ZurMuehlen & Co. P.C

Re: RMDC Corrective Action Plan

**Finding #2014-1**

During the audit of the fiscal year ending June 30, 2014, a reporting deficiency was noted related to federal reports filed for the Foster Grandparents, Senior Companions and Head Start programs. RMDC filed the reports on time, but in some cases these reports were submitted without proper review prior to submission. RMDC has a process in place whereby all federal reports are reviewed by the Finance Director and the Program Director for the specific program. In the past, this review has occurred after report submission in some cases.

RMDC fiscal staff acknowledge the auditor's recommendation that federal reports should be reviewed by someone other than the preparer prior to submission. RMDC has revised the review process for federal reports in accordance with the recommendation, effective immediately.

**Finding #2014-2**

During the audit for the Senior Companion and Foster Grandparent Programs a deficiency was found regarding procedures for the National Service Criminal History Check Self Certification Statement. All volunteers hired prior to Oct 1, 2009 must self- certify that they have not been convicted of murder.

A final rule implementing this requirement went into effect January 1, 2013. Both programs were found out of compliance. Since being notified of the finding, corrective action has been implemented and completed. All volunteers hired prior to Oct 1, 2009 have all signed and certified under the penalty of perjury that they have not been convicted of murder.

The goal is to help children succeed in education by supporting growth and developmental needs while engaging the parents in the process.

**DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES – Other:**

Community Services Block Grant funds are used to assist low-income individuals and to also provide for community collaboration on issues related to poverty.

Emergency Shelter Grant Program funds are used to provide shelter and medical services to eligible homeless individuals.

Child and Adult Care Food Program provides subsidy to help cover the costs of providing breakfast, lunch and snacks to the Head Start Program and Rocky Mountain Preschool.

**DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES – Weatherization & Low - Income Energy Assistance:**

Weatherization programs are designed to help conserve energy and reduce the impact of rising energy costs for low-income individuals through the installation of energy conserving measures in their homes. The program also helps clients with the cost of their fuel bill and helps cover the utility deposit costs to the local energy provider. The programs are funded by the U. S.
